

GENERAL FITTER – YOUNGSVILLE, PA

National Fuel currently has an employment opportunity for a General Fitter to work at its Warren Service Center, located in Youngsville, PA.

Candidates must possess a high school diploma or equivalent and the ability to drive and operate a van or small truck. Customer Service personnel are responsible for a variety of customer service functions including investigation of leak complaints, emergency leak response, reading meters, and performing collection work. A General Fitter will also be responsible for the installation and repair of distribution main and/or service lines and meters. The position requires a valid driver's license, and experience in plumbing, heating, air conditioning or a related field. Demonstrated mechanical ability and excellent customer service/communications skills preferred. Experience in underground construction and equipment operation is preferred. The work schedule for this position is Monday through Friday from noon to 8:00 p.m., which may vary and will include off-hours and/or weekends. National Fuel offers a competitive wage and benefits package.

Applicants must live within a 20 – mile radius of the Warren Servicenter or be willing to relocate.

Candidates responding to this ad must refer to the job title General Fitter, position #10-005PA in their correspondence.

For confidential consideration, please mail your resume and cover letter by March 22, 2010 to:
