

## Seneca Resources Signs Purchase and Sale Agreement for Canadian Properties

(August 7, 2007) Williamsville, New York: National Fuel Gas Company (NYSE: NFG) (the "Company") today announced that its Exploration and Production unit, Seneca Resources Corporation ("Seneca") has signed a purchase and sale agreement to sell its subsidiary, Seneca Energy Canada Inc. ("SECI") to NAL Oil & Gas Trust for approximately U.S.\$234.3 million (at a conversion of \$1.05 Canadian to \$1.00 U.S). The sale has an effective date of July 1, 2007, and is expected to close by September 30, 2007.\*

The sale is expected to result in a non-recurring gain of approximately \$120 million, after tax, which will be reported in the Company's fourth quarter, which closes on September 30, 2007.\*

In April, Seneca announced that it had retained a financial advisor to assist in the sale of this subsidiary and its associated properties in the western provinces of Canada. After reviewing several competitive bids, NAL Oil & Gas Trust's bid was accepted.

"We are pleased to have completed this transaction. After determining that the SECI properties were no longer a strategic fit for Seneca's operations, the next task was to divest those holdings in a fashion that would protect shareholder value. We believe that this sale accomplishes that goal and look forward to focusing on Seneca's properties in the Gulf of Mexico, Appalachia and California in order to maximize their potential for growth and development," said Philip C. Ackerman, Chairman and Chief Executive Officer, National Fuel Gas Company.

National Fuel is an integrated energy company with \$3.8 billion in assets comprised of the following five operating segments: Utility, Pipeline and Storage, Exploration and Production, Energy Marketing, and Timber.
